

The logo for Hēimu, featuring the word 'Hēimu' in a bold, sans-serif font. The 'i' has a macron over it. The letters 'm' and 'u' have horizontal lines extending from their right sides.

TECHNICAL INFORMATION

Botanical Name	Intsia Bijuga
Origin	Indonesia (Irian Jaya)
Process	Thermally Modified
Color	Greyish Black
Leeching	No Leeching
Working Qualities	Easy to Work with
Supplier Responsibility Status	FSC 100% FSC CU – 857943
Durability	Class 1 above Ground
Termites Resistant	Resistant
Warranty	35 years

MECHANICAL PROPERTIES

Density	795kg at 6% mc
Modulus of Rupture (MOR)	140.5Mpa
Modulus of Elasticity (MOE)	18,318 Mpa
Janka Hardness	7.23KN
Movement	Less than 1%

FIRE RATING TECHNICAL SPECS

Group Number Classification	3 – AS 5637.1-2015
Average Heat Release Rate	40.4 kW/m2 - AS/NZS 3837-1998
Average Specific Extinction Area	19.0 m2/kg - AS/NZS 3837-1998
